## UNITED STATES SENATOR

*(Vote for one)*

### JOB DESCRIPTION:

Congress, the legislative branch of the federal government, is composed of two houses, the Senate and the House of Representatives. A majority vote of both houses is required to pass a law. The Senate, made up of two members from each of the 50 states, also has the power to approve treaties and confirm presidential appointments. Terms are staggered, with one-third of the membership up for election every two years.

**TERM: 6 years**

**SALARY: \$174,000**

**Question: "In this time of high unemployment, what are the most important things that should be done to improve our nation's economy?"**

**OCCUPATION:** Member of Congress (PA 7<sup>th</sup> District)

**QUALIFICATIONS:** Member of Congress first elected in 2006 after completing a 31-year military career in the U.S. Navy and having risen to the rank of 3-star Admiral.

**ANSWER TO QUESTION:** To strengthen our economy, we need to create jobs by investing in small businesses. That is why I have called for enhanced SBA lending and tax relief for small firms. My JOBS Act would provide a hiring tax credit to small businesses that hire new workers, helping to create 5 million jobs in the next 2 years. We know that small businesses have led economic expansions and we must now put that knowledge to work.

**QUALIFICATIONS:** District Attorney of Philadelphia, 1966-1974; U.S. Senator, 19981-Present

**ANSWER TO QUESTION:** It is necessary to distribute stimulus funding quickly to create 2.1 million jobs. I urge passage of my SBA lending bill which would use TARP funding to increase credit to small businesses. My funding for dredging the Port of Philadelphia will create over 100,000 new jobs. I led the fight to increase NIH funding to \$30 billion annually plus \$10 billion in the stimulus.

**ANSWER TO QUESTION:** Unlock energy by allowing states to develop their natural resources. In Pennsylvania that means coal, natural gas, and oil. To do this we must remove Washington from involvement in what should be a state prerogative. Revamp our federal tax code to stop the strangulation of businesses. Initiate steps to stop China's "cheating" in trade and restore fair trade practices to give American business a level playing field in the international marketplace.

**QUALIFICATIONS:** Representative, U.S. House of Representatives, 1998-2004; Candidate U.S. Senate, Pennsylvania, 2004; President, Club for Growth, 2005-2009

**ANSWER TO QUESTION:** All across the Commonwealth, hard-working Pennsylvanians are struggling to make ends meet and provide for their families. But the approach taken by politicians in Washington is not working. Instead, the government should be making it less expensive and easier for businesses to hire people. It can do this by cutting taxes and reducing excessive regulation. In the Senate, I will fight for lower taxes that are integral to our economic freedom and the economic prosperity this country deserves.

### DAN ONORATO

Pittsburgh

Web site:

<http://www.voteonorato.com>

D.O.B.: 2.05.1961

EDUCATION: Undergraduate degree, Penn State University, 1983 (B.S. Accounting); Law degree, University of Pittsburgh Law School, 1989  
OCCUPATION: Chief Executive of Allegheny Co.

QUALIFICATIONS: Professional background as accountant and lawyer; member, Pittsburgh City Council (1992-2000), Allegheny County Controller 2000-2004; Allegheny County Executive (2004-present).

ANSWER TO QUESTION: Our Commonwealth is facing a budget crisis and needs experienced leadership to ensure fiscal responsibility while making critical investments that strengthen the economy. I proposed a reform plan to finish the budget process earlier and permanently withhold the Governor and Legislature's pay if it is ever late. I have run the state's second-largest County and made the tough decisions necessary to lead—and I am the only candidate who has made real reform a reality.

### JACK WAGNER

Pittsburgh

Web site:

<http://www.jackwagner.org>

D.O.B.: 1.04.1948

EDUCATION: Indiana University of PA, B.S. Safety Management, 1974

OCCUPATION: Auditor General

QUALIFICATIONS: Auditor General since 2005; State Senator, 10 years (Allegheny Co.); Pittsburgh City Councilman, 10 years (President 4 years); Certified Safety Professional, 6 years; Marine Corps, Vietnam combat veteran; Husband and Father, 2 Children.

ANSWER TO QUESTION: As Auditor General, I know firsthand where the waste, fraud, and abuse are in government programs and how to make those programs operate more effectively. I will continue to identify significant savings that will support vital government services without tax increases. I will pass a responsible state budget on time every year. I

won't use vulnerable Pennsylvanians as pawns in the budget process, and state elected officials shouldn't get paid until the budget is passed.

### ANTHONY HARDY WILLIAMS

Philadelphia

Web site:

[www.williams4governor.com](http://www.williams4governor.com)

D.O.B.: 2.28.1957

EDUCATION: 1979, B.S. Economics, Franklin & Marshall College

OCCUPATION: Pennsylvania State Senator, 8<sup>th</sup> District

QUALIFICATIONS: PA State Senator, 8<sup>th</sup> District since 1998; PA State Representative, 191<sup>st</sup> Legislative District, 1988-1998; entrepreneur, vending company; mid-level executive, PepsiCo; economics analyst, Acumenics Research and Technology; numerous community and service awards; founding president of a charter school.

ANSWER TO QUESTION:

Communications and consequences are key in this regard. The governor and legislature must be fully engaged from the very beginning of the process and neither should be allowed to collect their salaries after the dust settles. If the budget is late, they should not be paid—nor allowed to recoup those dollars later. It would focus the process. Those making these decisions should experience the pain of inaction, not those relying on the decision-makers.

OCCUPATION: Montgomery Co. Commissioner

QUALIFICATIONS: PA House of Representatives, 8 years; Co. Commissioner, 10 years; U.S. House of Representatives, 6 years.

ANSWER TO QUESTION: We need a Legislative Budget Office to give non-partisan analysis, and minimize partisan disagreements over the cost of legislation. Legislators need an unbiased analysis of these costs. The General Assembly ended the year with a \$201.4 million legislative

surplus. This is unconscionable. I will veto any budget that includes WAMs, legislative or executive slush funds, or stopgap measures, and I will call on the legislature to return any surplus to the general fund.

OCCUPATION: Attorney General of PA

QUALIFICATIONS: Assistant D.A., Allegheny Co.; Captain, National Guard, 28<sup>th</sup> Infantry Division; Teacher, Pine Grove Area H.S.; Assistant U.S. Attorney, WDPA; U.S. Attorney, WDPA; Chairman, PCCD; Corporate Counsel

ANSWER TO QUESTION: For too long, Pennsylvania's budget has been a tool to serve the agendas of Harrisburg insiders rather than a responsible spending plan to serve the taxpayers. The late budget each of the last seven years is a result of the current administration's willingness to use the budget process as a means to drive out-of-control spending. As Governor, every line item will be scrutinized so that every expenditure serves an important public policy goal with measureable results.

OCCUPATION: State Representative  
QUALIFICATIONS: Marketing Director, Graco Children's Produces-15 years; State Representative-18 years; Republican Chairman House Finance Committee (current); Republican Chairman Game and Fisheries Committee (former).

ANSWER TO QUESTION: The state budget has become an auction for special interests, not the funding process for priorities. The first reform is to prevent a governor or legislator from using tax dollars to buy votes to pass a budget—this changes the entire incentive structure. Second, the governor needs to follow the Pennsylvania Constitution’s plain language by preparing not one, but five consecutive budgets. Planning far beyond the political cycle was a wise decision by our founders.

## **LIEUTENANT GOVERNOR**

*(Vote for one)*

### **JOB DESCRIPTION:**

The Lt. Governor will be elected jointly with the Governor in the General Election. Candidates are nominated separately in the Primary. The Lt. Governor is President of the Senate, but has no vote except in case of a tie. In case of death, conviction or impeachment, failure to qualify, resignation, or other disability of the Governor, the powers, duties and salaries of the office are assumed by the Lt. Governor for the remainder of the term or until the disability is removed.

ANSWER TO QUESTION: As Lt.

Governor I would support a policy that budget preparation for the next year should begin immediately after the close of the current budget year. State agencies should be required to forward budget requests within 60 days for review by the Budget Office and Governor; the Governor should send a budget to the legislature no later than November 30; and legislative review and enactment should take place within 60-90 days.

D.O.B.: 19.07.1958

EDUCATION: Trade School degree in carpentry; licensed air conditioning technician

OCCUPATION: State Representative—77<sup>th</sup> District (Centre Co.) and business owner with wife.

QUALIFICATIONS: While passionate about the reform message, before making this decision I also took a careful look at the duties of Lt.

Governor. My background is well-suited for the position. The Lt.

Governor is responsible for the PA Emergency Management Agency (PEMA). As a county commissioner, I worked very closely with Emergency Management Director Randy Rockey and his staff to learn what their needs are in times of distress.

ANSWER TO QUESTION: Last fall I brought together some of the best minds at a forum. They provided solid ideas on budget reform. We can tailor a plan that places our essential

services on solid, long-term footing. We just need to dismiss the machine politics and elect servant leaders willing to get the job done.

QUALIFICATIONS: Philadelphia’s City Controller for sixteen years; advocate of reducing Philadelphia’s tax burden; produced studies of minority and small business lending programs, health care provision through the City’s health clinics; winner of national and local awards including the National Association of Local Government Auditor’s Knighton Award, President’s Council on Integrity & Efficiency Award for Excellence and multiple “Special Projects” awards from the National Association of Local Government Auditors.

ANSWER TO QUESTION: I will create an independent agency to evaluate the cost of each legislative proposal. Loosely modeled after the

Congressional Budget Office, this independent group will put a ‘fresh set of eyes’ on each new legislative initiative that will require taxpayer resources. We ought to treat tax dollars like our own and not settle for just opinion on how much these proposals will cost. The taxpayers deserve more information and they ought to know what their legislators’ ideas are going to cost them.

D.O.B.: 5.07.1963

OCCUPATION: President, Homechek, Inc.  
QUALIFICATIONS: Business owner, 17 years; Military leader, 13 years; Scout Leader, 10 years.  
ANSWER TO QUESTION: Spending should be limited to core functions of government; protecting the safety and individual rights of citizens and providing public goods, those which clearly benefit all citizens such as public safety and infrastructure. Pennsylvania should adopt a bi-annual budget process that is zero-based. This would cut back the wasted time performing a yearly budget. Zero based budgeting would lead to more efficient allocation of resources as it is based on actual needs and benefits.

OCCUPATION: Financial Advisor for 33 years at the same Fortune 500 Financial Institution  
QUALIFICATIONS: 33 year investment professional career with a Fortune 500 Company; 15 years on the Northwest Pennsylvania Federal Judicial Review Board; Thornburg appointee to first statewide historic preservation board—Preservation PA; Public service on boards of directors of 10 community organizations; experienced, conservative, multi-tasker; Mother, Wife, Businesswoman and Republican political activist.  
ANSWER TO QUESTION: The recurring “budget crisis” we witness annually would be avoided with a two-year or longer budget time frame or process. In a Governor’s administration of four years, this would constitute two budget processes or less, not four. The cost reduction of the process itself and the allowance of a “more focused, long-term analysis of the effectiveness of government programs and tax dollars” stated by Tom Corbett, is needed.

ANSWER TO QUESTION: Pennsylvania’s budget process should be returned to a two-year cycle and should be a stepped process that includes preliminary due dates. We also need personal accountability and penalties for those officials who fail to meet budget deadlines and objectives. This can only be reliably accomplished at a limited citizen’s constitutional convention. I authored SB 340 and HB 1929, the only legitimate and workable plan currently before the General Assembly to enable such a convention.

ANSWER TO QUESTION: I support efforts to establish accountability in both the legislature and in the executive branch of PA government to ensure our state budget is in balance and on time. Reasonable benchmarks should be determined and if the budget is not completed on time all members of the legislature and the Governor should

not get paid. This is the most important and consequential responsibility our lawmakers undertake, and it should be treated as such.

ANSWER TO QUESTION: Having worked to develop Bucks County's approximately \$500 million budget, I understand the need for balanced, efficient and transparent budget processes. Working with my running-mate, Attorney General Tom Corbett, I will combine my first-hand experience in cutting budgets—our 2010 budget is lower than our 2008 budget—with the same common sense that small businesses use to create their budgets: live within your means, set priorities, cut out waste and improve efficiency.

ANSWER TO QUESTION: My main campaign theme is respect for seniors and in particular, the often horrendous conditions at personal care homes. On the budget, I have two ideas: (1) legislators should not be paid until there is a budget, and they will not be paid back pay once one is approved; and (2) for non-legislative workers and contractors, spending continues at last year’s level until a budget is approved.
